What's in it for you?

When you get Glider certified, you **double the likelihood of landing the gig** and getting paid more for the work you do in an environment that values you.

A Glider certification is a guarantee to customers on your skill and qualifications.
You stand out!

When you take a Glider assessment, you get added to talent pools that **prioritize you for open jobs.**

Glider assessments simulate real-world tasks and fit, **exposing you to the nature of the job** so you can decide

When you take a Glider test, **candidacy is based on your skill**, not by your school or how you look.
